

Unsettled with thunder showers this afternoon or tonight in east and south portions. Temperature generally fair and somewhat warmer.

70 KILLED: WINDS TEAR DOWN CITY

JANESVILLE WOMAN IN STORM SWEEP DISTRICT: BUSINESS HOUSES WRECKED.

500 BUILDINGS ARE DEMOLISHED

Property Loss Will Be Several Millions; Ruins Resemble Mill Slashings.

Miss Hazel Harrington, daughter of George Harrington, of this city, is located in Fergus Falls, where she has been employed for five years in the ready-to-wear department. No word has been received from her since the tornado. Miss Harrington was in Janesville last week on her vacation.

Between 8 and 10 persons were killed and more than a hundred were badly injured by the tornado which struck Fergus Falls late yesterday afternoon, and tore a large section of the city, including the business section in pieces. Thirty-eight bodies have been recovered.

State troops began searching the wreckage shortly after daylight. Much of the residence district south of the Red river is a waste.

Three Storms Strike

Local physicians said that they believed three storms struck the city in quick succession. Several persons corroborated the statement that three funnel-shaped clouds were seen. The first apparently struck the town from the northwest and tore through the Lakeside and Grand Hotel. This smash wrecked the Grand Hotel. The second cloud brought driving rain and approached from the southwest. The third storm, which was the most powerful, struck from the southeast.

About 500 stores and residences were demolished. A score or more of persons are missing. The property loss will be several millions. The entire northwestern section of the city is in ruins. It resembles the slashings around a saw mill. Public buildings and churches were destroyed. Hospitals were crowded with victims. City officials said this morning they believed Fergus Falls would be able to provide relief for its sufferers.

Relief Work Under Way

Evansville, Minn., June 23.—Forty-seven persons are known to be dead, 180 are injured and a station crowded with victims. Property valued at \$5,000,000 is destroyed as a result of the tornado which swept through Fergus Falls late yesterday afternoon. Relief work is under way, with plenty of doctors and nurses on hand.

There is a possibility that the death list may reach 60; when the ruins of the Grand Hotel have been thoroughly searched, as it is feared many bodies are still beneath the pile.

The greatest loss of life took place at this hotel, a three-story building. Thirty-five persons are believed to have been killed when the station was struck by the twister. More than 60 guests were in the building. Special relief trains from the Twin cities arrived at Fergus Falls at 8 o'clock this morning.

Traveling Salesmen Killed

Two Minneapolis traveling salesmen were killed when the Northern Pacific freight and passenger station collapsed. The victims were Harry E. Olson and W. W. Braden. The state insane asylum at Fergus Falls escaped serious damage. The business district was hit hard by the storm.

Other casualties occurred at a hotel, city jail, and sheriff's residence destroyed. At One Mile lake Fergus Falls, four children of John Kridler were blown into the lake and drowned.

State Aid Asked

St. Paul, Minn., June 23.—The first message from Fergus Falls came from Governor Burnquist this morning from Mayor George W. Frankberg, of the storm-stricken city. He asked for relief. Frankberg said the loss of life "will be large; that hundreds of homes and business places are destroyed." The first reports regarding the Fergus Falls tornado, received this forenoon at the state military department, by telephone from Fergus Falls, said that the miles from Fergus Falls, said that several hundred injured had not been changed. A few refugees have been brought to Wadena. It has not been learned whether the state relief train has arrived at Fergus Falls.

More than 300 buildings were wrecked, the message said. Refugees declared that the storm divided as it struck Fergus Falls and that the heaviest damage was sustained in the western section. Linemen from Wadena are attempting to repair wires to Fergus Falls.

Farmer Is Killed

Dumont, Minn., June 23.—Nichol Ridiot, a farmer who lived on the outskirts of this village, was killed last night when a tornado demolished his home, wrecked the public school building, the Lutheran church, and a half dozen residences. Several persons were slightly injured.

FOR TO SIGN UNCONDITIONALLY

Tornado Sweeps Fergus Falls

POLICE CHIEF CHOSEN

PROGRESS

Good work has been accomplished in the first steps that have been taken to reorganize the police force and establish adequate protection for the citizens of Janesville. The police and fire commission should have the operation of the police department of the city in the hands of the people of the city in the police department out of the rut into which it has been following for years.

Mr. Mulachy comes from Chicago well recommended to carry out the work which has been laid out for him. He should be given a free rein to conduct the affairs of the office to the advantage of the public. The council should give assistance in providing him the means for getting together a force which will do business. A signal system should be provided and a patrol and ambulance should be obtained.

The proper officials no doubt will outline the course they wish to pursue and then he should be able to do it. It is assured he will be able to do it. It is the situation out of the chaotic state which has been the police department. It is brought to the attention of the council that the police department must be taken over, that the police department must be taken over, that the police department must be taken over.

The resignation of Chief Gower was accepted by the council. He has declared that he did not wish to retain the job of chief, but that he did not wish to be charged with anything and he has accepted the position of sergeant. The council has accepted his resignation. The council has accepted his resignation. The council has accepted his resignation.

The police and fire commission has accepted the resignation of Chief Gower. The council has accepted his resignation. The council has accepted his resignation. The council has accepted his resignation.

CHICAGOAN TAKES JOB TOMORROW

GOWER ASKED TO RESIGN AS HEAD OF LOCAL DEPARTMENT

WILL REMAIN AS SERGEANT

Commission Plans Reorganization of Force; Private Citizens to Pay Salary.

Timothy J. Mulachy, for many years a Chicago detective and later patrol sergeant in the first precinct, will arrive in Janesville tonight and take charge of the police department tomorrow morning. This announcement was made this morning by Mayor T. E. Welsh.

Acting Police Chief William Gower was asked to resign by the members of the police and fire commission at their special meeting Saturday night. He will remain on the force and will return to his rank as chief sergeant. Mr. Mulachy is coming to Janesville with an enviable police record made by him during his many years of service on the Chicago force. Gowing to the fact that he is a non-resident of the state he will be paid for the first year by private citizens.

Resignation Asked

Acting Chief Gower's resignation was requested after a discussion lasting nearly an hour, at the special meeting Saturday night. John J. Kelly, a member of the commission, at first opposed the move, but later announced that he would favor it as a necessary step.

SHIP SINKING HELD BY BERLIN PAPER AS TOO LUXURIOUS FOLLY

NEW GERMAN REVOLUTION SEEN

Paris, Sunday, June 23.—Bullethins announcing that the German fleet has been sunk in Scapa Flow arrived today for the morning editions of Berlin paper today, and the people were given their first information that the fleet had been sunk. The news might have caused an outburst of enthusiasm, but the public was not moved to enthusiasm. The admiral's report, however, was not a complete surprise. The admiral's report, however, was not a complete surprise. The admiral's report, however, was not a complete surprise.

The purpose of the German fleet was to show to French women the value of the fleet and the simplicity of the German methods. They carry with them several sets of up-to-date equipment such as many American women use in their kitchens, but emphasis will be laid on the fact that a wash boiler with straw or shavings inside, or a can for packing the vegetables are all the equipment necessary. The lack of sugar in France is no bar to the new method, since the sugar can be dispensed with almost entirely.

The department of agriculture states that it hopes to learn as well as the French farmers. It is believed that France can give our agriculturists valuable points on intensive farming.

The cannings experts are the only representatives from the department of agriculture that the French government has asked for as teachers, but in other ways the United States is aiding in the reconstruction of French farms.

Poultry Shipped to France.

Poultry, for one thing, is being shipped to France from this country. Chickens are scarce in France since the war, but the department of agriculture regards this as a minor difficulty, since poultry can be increased 50 per cent in two years under favorable conditions.

REVENGE

The Gazette will pay \$25 reward for information leading to the arrest and conviction of the person who threw a stone through a window of the Editorial Rooms of the paper, Sunday night or early Monday morning.

Some person, with malicious intent, hurled a stone through the large plate glass window of the editorial room of the Gazette, sometime after midnight Sunday. The stone weighs two and one-quarter pounds and measures about 13 inches in circumference. No one was in the office at the time except a line operator on duty. The stone was thrown from the floor below the office, but did not discover the hole in the glass. The janitor found the stone on the floor this morning nearly 20 feet from the window.

That the stone was thrown with great force is evidenced by the fact that after cutting a big hole in the glass, it struck a desk six feet away, heaving it to the floor, and then it struck a man in the back of the head, knocking him down. The person who threw the stone was seen by the janitor.

What the motive for the act was cannot be surmised. It is evident that someone became displeased at the policy of the paper, perhaps because of its activity in cleaning up conditions in the community. It might have been thrown by some drunk who took exception to the energy with which the Gazette went after the "bad" people. The stone was thrown through F. A. Capelle's windshield.

Whoever it was, has taken the wrong course. The window is insured. The building is insured. The office hours by the way, for the editor, are from 8 a. m. to 4 p. m. The person who threw the stone will have to answer for it. He will not get away with it.

Every effort will be made to run down the miscreant and if he can be found, the Gazette will have him fully prosecuted.

Farm Missionaries Join U. S. Forces in France

(By FREDERICK J. HASKINS.)

Gazette Information Bureau, Washington.

Washington, June 23.—The last American expeditionary force to go to Europe consisted of four government experts in the art of preserving fruits and vegetables at home.

The experts went to France over the present hungry period by initiating French housewives into the mysteries of the "cold pack" and other methods which have been popularized in this country by the department of agriculture, and which have filled thousands of pantry shelves in the past four years.

The cannings experts are part of an expedition to reconstruct French rural life and agriculture.

Heretofore, French women have taken little interest in canning, aside from an occasional attempt at jam or preserves. The town housekeeper buys factory canned goods, and women on farms work in the fields all day, which leaves them little time to learn new stunts. The expert will take the time to teach them, and will have them make preserves, and will have them make preserves, and will have them make preserves.

The American government is particularly anxious that nothing but healthy stock reach France from the United States. The health of the stock is of the utmost importance, and the cost of the stock is of the utmost importance. The health of the stock is of the utmost importance, and the cost of the stock is of the utmost importance.

GERMANY WILLING TO ACCEPT PEACE TREATY WITHOUT RESERVATIONS

Note Is Couched In Language Which Maintains That Conditions Are "Peace Of Violence"; Italy Also Acquiesces.

(By Associated Press)

Paris, June 23.—The German government at Weimar has formally communicated its willingness to sign the peace terms unconditionally, it was announced by the French foreign office this afternoon.

The day and hour for the formal signing of the treaty is uncertain. The signing possibly may take place Tuesday but more likely Wednesday.

The Italian delegates at present in Paris have been authorized to sign the treaty on behalf of Italy.

The German note of acceptance, it is said, is couched in such language that it maintains the German proposition that the peace conditions are "a peace of violence."

The German answer regarding the peace treaty was received by the peace conference this afternoon.

Decision Is Given Amid Protests

(By Associated Press)

Weimar, Sunday, June 23.—In announcing the decision of the German government to sign the peace terms before the national assembly today, Premier Bauer said:

"At this hour of life and death, under the menace of invasion, for the last time I raise in free Germany a protest against this peace of violence and destruction. I protest against this peace of violence and destruction. I protest against this peace of violence and destruction."

Admiral Von Reuter, commander of the surrendered German fleet, says he issued an order to sink the ships, but that he was not obeyed. He said that he was not obeyed. He said that he was not obeyed.

Admiral Von Reuter visited Germany some weeks ago, it being understood at the time that he was ill, but he soon returned, and it is believed that at that time he circulated the order to sink the German ships by exploding the mines or by sinking the ships. The order to sink the German ships by exploding the mines or by sinking the ships. The order to sink the German ships by exploding the mines or by sinking the ships.

Ships Sank Rapidly.

From the behavior of the ships, according to the statement, it was evident that the ships had been opened and in a surprisingly short time the vessels big and small, began to settle. Effort was made by the British naval forces to beach the sinking ships, and in the beach the British naval forces to beach the sinking ships, and in the beach the British naval forces to beach the sinking ships.

Here a destroyer would disappear amid a cloud of steam, and there a battleship would take in last plunging battleship in a cloud of spray. One would settle down by the stern and another would heel over until only the keel showed above the water.

The German fleet, including the battleships, the cruisers, the destroyers, the submarines, and the auxiliary ships, were all sunk. The German fleet, including the battleships, the cruisers, the destroyers, the submarines, and the auxiliary ships, were all sunk.

Depend Upon Machinery.

The shortage of draft animals has been a serious handicap. It is used in the most difficult when it can be used at all. The farmer does not wish to invest in a thrasher to thrash a few rows of wheat, or a tractor to plough a few acres of land. WILSON GETTING READY TO SAIL

(By Associated Press)

Paris, June 23.—Activities not only at the peace conference but also at the residence of President Wilson indicate that preparations were being made for the president's departure for home.

Up to 10 o'clock this afternoon there had been no announcement but it seemed probable from what was known that the president would leave Paris Wednesday morning for home.

Alligator Parades City Streets—Booze Blamed

Muncie, Ind., June 23.—A call came to the local police station that an alligator was crawling down Walnut street, the principal thoroughfare of Muncie, but the police, believing some one had been kidding, refused to respond. But when repeated calls came in a squad of police was sent out to investigate. He was an alligator all right. He escaped from a carnival.

MORE GERMAN SHIPS ARE SUNK

Weimar, Sunday, June 23.—The German warships which were surrendered to the allies and which have been anchored off Kiel, Wilhelmshaven, and other points, have been sunk by German sailors manning them.

According to reports, there were 12 vessels besides destroyers which were in German waters, not having been turned over to the allies.

Here's Chance for Dog to Destroy Flower Bed

(By International News.)

Topoka, Kan., June 23.—Wanted: a dog who will test his constitutional rights to tear up flower beds in the state house grounds. Apply to Kate and Kilmours Kling, humane agents.

This ad should bring a response, as the humane agents have announced a contest case upon the orders of E. McDougall, custodian of the grounds, that he will shoot the first dog he finds tearing up his nice new flower beds. As county and state officials refused to interfere with the orders of the custodian, the humane agents announced they would prosecute McDougall.

Suffragists Confident
of Texas Legislature

[BY ASSOCIATED PRESS]
Austin, Tex., June 23.—Consideration of the proposed federal constitutional amendment for woman suffrage virtually is assured at the special session of the Texas legislature, which convened today.
Gov. W. P. Hobby's call for the session gave "local and other matters" as the legislative program, but several advocates of woman suffrage in the senate already have prepared a resolution for ratification of the federal amendment.

A Week's Cruise on 4 Lakes
Chicago To Buffalo and Return
\$60 Meals and Berth Included

ROAD PATROLS.
 Although the necessity for patrolmen to safeguard the roads leading out of Janesville has been demonstrated to the satisfaction of the public, the county board, as far as can be ascertained, has made no move to provide them.

Last week a man threw a beer bottle through the windshield of an automobile, injured a Janesville citizen and endangered the life of five women. The man who committed the crime was found, arrested, and within two days was behind the walls of Waupun prison to serve three years for assault with intent to do great bodily harm. It was shown that those who are making the highways unsafe for travel can be eliminated from our midst if the proper machinery is put into motion.

The argument is made that there will not be as much drunkenness on the roads after July 1, when the nation goes dry. We are not so sure of that. Judging from the experiences in other communities which have had dry periods, the need will be greater. But even if the number of drunks driving on the roads will be decreased after the first of next month, the need for proper police protection on the county highways is great. Traffic is increasing in volume, many persons do not heed the state laws. Numerous violations are to be found every day and night.

In the matter of dimming lights, many auto drivers never make any attempt to take into consideration the other fellow whom he is passing with a dim light. The man with a dim light has to either pull to the side of the road and stop and wait until the glare of the oncoming lights are beyond him, and then wait until he can again regain his sight, or take a chance of steering by instinct. The rule regarding dimmers should be strictly enforced.

There are many speeders on the country roads. The state law says that the maximum speed for vehicles is 25 miles an hour. Many drivers double that. They should be slowed up. There is also a law controlling the speed with which autos may pass each other. This is seldom obeyed.

Sheriff Daley's men picked up a load of drunks on a country road. Sunday. They were fined. The sheriff's men cannot devote their entire time to auto traffic. But it is shown that there is plenty of work for road patrolmen.

The county board should call a meeting, if necessary, and provide some means of protecting the taxpayers who wish to use the highways for pleasure or business. We need immediate action.

THE AMERICAN LEGION.
 Henry D. Lindsley, chairman of the joint executive committee of the American Legion, authorizes the following:

The joint executive committee of the American Legion comprising the two executive committees appointed at Paris and St. Louis, has adopted resolutions condemning the activities of the so-called "Reds" in this country and urging all men who have been in the military and naval services to assist in ferreting out and identifying individuals responsible for such lawlessness and anarchy as the recent "Red" demonstration. This was one of the first official acts of the committee which met for the first time in joint session at national headquarters of the Legion, 19 West 4th street. The Paris delegates arrived a few days ago to participate in the meetings.

"The resolutions adopted by the joint executive committee follow: Whereas the unanimous sentiment of the delegates of the St. Louis meeting of the American Legion was opposed to bolshevism, and,

"Whereas the constitution of the American Legion there adopted pledged to the legion to the maintenance of law and order and to one hundred percent Americanism, and,

"Whereas the meeting refused to send a delegate a representative of so-called 'Soldiers and Sailors Council' modeled after the Russian soviet, it is

"Resolved, That the joint executive committee of the American Legion unalterably opposes all societies, leagues and organizations which have as their object the overthrowing of government and of law and order in the United States of America, and unqualifiedly condemns the recent cowardly and murderous activities of so-called 'Reds' in the country, urges all men who have been in the military and naval services aggressively to participate in ferreting out and identifying these individuals, and demands the enactment of legislation by congress providing for the deportation of all bolsheviks, 'Reds' and other aliens who are enemies of the principles of freedom and democracy for which the soldiers and sailors of this country fought in the world war."

It is the duty of every American citizen to aid in the running down of those anarchists who are bringing about a reign of terror in the United States. It is only through organized efforts that the government officials can obtain the greatest benefits in the task of cleaning up the dirty gang.

BUTTERMILK!
 The United States department of agriculture believes that the nation is going dry July 1. Here is what the department has to say about buttermilk as a national drink.
 "July 1 is National Buttermilk day. 'Buttermilk is one of the best drinks in the world—nutritious, pal-

atable and full of zest and vim. The man who drinks buttermilk regularly and copiously is doing a good turn for himself. That is one of the purposes of proclaiming National Buttermilk day. The other is that the dairy industry in the United States will be encouraged."

"Buttermilk day, it is hoped, will remind many people of this drink, introduce it to others, and be the beginning of a greater consumption of buttermilk that will contribute to the health and happiness of the consumers and at the same time, help dairy farmers to develop production. "To insure an ample supply of buttermilk, both for homes and for hotels and restaurants on July 1, the Department of Agriculture requests creameries, milk plants, and other dairy establishments to co-operate in the plan to popularize the drink. "It is pointed out that while straight buttermilk is an excellent drink, there are a number of delicious combinations. Buttermilk lemonade is obtained by adding the juice of two or three lemons to a quart of buttermilk, with sugar to taste. Buttermilk may be combined with lemon juice, orange juice or eggs and sugar for making frozen dainties.

"Aside from its food and beverage qualities, buttermilk is said to possess medical qualities. Many physicians prescribe it in the treatment of certain intestinal disorders. The bacteria that brings about the chemical change by which buttermilk is produced is believed by many physicians and bacteriologists to destroy certain other organisms that, in the human body, tend to hasten senility. Many prominent men drink buttermilk regularly as a tonic. One of the most widely known lecturers and writers in the United States drinks buttermilk as regularly as he brushes his teeth—and declares that he feels himself getting younger with every glassful."

BOLSHEVIK CRUISER IS TORPEDOED BY BRITISH WARSHIPS

[BY ASSOCIATED PRESS]
 Helsingfors, Thursday, June 19.—British warships Wednesday evening torpedoed the bolshevik cruiser Slave, which sank immediately.
 The only Russian warship bearing the name of Slave to be found in available lists was sunk by a British torpedo boat on July 17, 1917, in the Gulf of Riga. It seems probable, however, that some other craft was given the name of the Slave which was entered in the Russian admiralty reports as a cruiser.
 A report received Friday stated that the Russian cruiser Oleg had been sunk Wednesday by a British submarine.

Hoists White Flag.
 London, June 23.—The bolshevik battleship Andrei Pervosvanni is believed to have been sunk by a British torpedo boat on Thursday, according to a Finnish naval dispatch quoted in a Helsingfors cablegram to the Daily Mail. The telegram adds that the bolshevik battleship Petrovsk is hoisting the white flag.

NON-PARTISAN HEAD IS PUT ON TRIAL

[BY ASSOCIATED PRESS]
 Jackson, Minn., June 23.—Arthur C. Townley, president of the National non-partisan league, and Joseph Gilbert, former organizer of the league, will go to trial in district court here this afternoon on indictments returned last year by Jackson county judge. Gilbert is charged with having made disloyal utterances. The allegation against Townley is conspiracy.

The grand jury held that Townley, as president of the Non-Partisan league, permitted league literature to be distributed which criticized some of the government's war policies, and that he permitted Gilbert to make the address at Lakefield, Minn., which resulted in the later's arrest.

Townley and Gilbert, in preliminary proceedings, appealed to the state supreme court to have the cases dismissed but they lost that fight. Townley's attorneys argued that the grand jury indictment against Townley did not constitute a specific offense and Gilbert's defense was that he did not make utterances charged against him.

Later Townley asked that his case be adjourned for two months because of the important non-partisan issues before the public in North Dakota this week. Thursday, a state-wide referendum will be held to vote on Non-partisan league bills which the North Dakota legislature at its last session enacted into laws. District Judge E. C. Dean, Jackson, denied the request.

JUST FOLKS

By EDGAR A. GUEST

SERMONS WE SEE.

I'd rather see a sermon than to hear one any day.
 I'd rather one should walk with me than merely tell the way.
 The eye's a better pupil and more willing than the ear.
 Fine counsel is confusing, but example's always clear.
 And the best of all the preachers are the men who live their creeds.
 For to see good put in action is what everybody needs.

I can soon learn how to do it if you'll let me see it done.
 I can watch your hands in action, but your tongue too fast may run.
 And the lectures you deliver may be very wise and true.
 But I'd rather get my lessons by observing what you do.

For I may misunderstand you and the high advice you give.
 But there's no mistaking how you act and how you live.

When I see a deed of kindness I am eager to be kind.
 When a weaker brother stumbles, and a strong man stays behind
 Just to see if I can help him, then the wish grows strong in me
 To become as big and thoughtful as I see the friend to be
 And all travelers can witness that the best of guides today
 Is not the one who tells them, but the one who shows the way.

One good man teaches many, men be-

Sketches From Life -- By Temple

"Dey Got ME Wrong"

lieve what they behold.
 One deed of kindness noticed is worth forty that are told.
 Who stands with men or honor learns to hold his honor dear.
 For right living speaks a language which to everyone is clear.
 Though an able speaker charms me with his eloquence, I say,
 I'd rather see a sermon than to hear one any day.

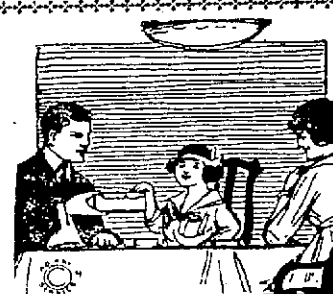

Woman Drinks Poison
 Sheboygan.—Miss Susan Kemmers, 51, despondent and nervous from pro-

longed illness, committed suicide by drinking poison. She was a member of the Ladies of the G. A. R. and the Ladies Auxiliary, Sons of Veterans. The survivors are her father and four brothers. The family is prominently known.

ON THE SPUR of the MOMENT

ROY K. MOULTON

He was one of those vegetarian bugs, and in the course of his remarks before a group of thoughtful persons he exclaimed: "Friends, two years ago I was a walking skeleton, a haggard, puff-eyed, anemic physical and mental wreck. What do you imagine wrought this great change in me?" And in the silence that followed one of these young men in the one-button coats, two-toned shoes and three-colored caps sang out:
 "What change?"

THE LEFT HIND RUBBER OF A GRAVEYARD MAN.

Lost—A gent's rubber for the left foot, between the cemetery and the city hall. Leave at the News office and receive reward.

Adv. in Baraboo (Wis.) News.

There is good news for the New York workingman who likes to drop in for breakfast on his way to work. Delmonico's, under a new system of financing, will be kept open after July 1.

At least during the telegraph strike, a lot of gentlemen who are away from home and have promised to send a night letter every night, will not have to rack their brains for something to say.

BACKWARD, TURN BACKWARD, O TIME, IN YOUR FLIGHT!

Got any little old last year's car laying around? Or one a few years older? You can get a fancy price for it if you can find a way to get it over to England. An airman bought a year-old Ford in 1914 for \$400, spent \$300 in making it look different, drove it 20,000 miles in war service, and sold

WHITEWATER FRIENDS SPEND DAY IN BELOIT

Whitewater, June 23.—Mr. and Mrs. A. H. Tubbs, Mr. and Mrs. C. Steele, Mr. and Mrs. A. W. Martin, Mr. and Mrs. Frank Brown, Mr. and Mrs. George S. Brown, Mr. and Mrs. A. L. Colby, Mr. and Mrs. George T. Copple, and Mr. and Mrs. A. Engle, went yesterday to spend the day with Mr. and Mrs. Fred Niquet and family.

Miss Frances Wilbur and two nieces were driving on Whitewater street Sunday morning when the horse became frightened and threw them out of the rig onto the pavement. Miss Wilbur had a bad cut on her head and several stitches were necessary to close the wound.

A small barn at the rear of the Whitewater garage was destroyed by fire Saturday evening about 7 o'clock. The fire started when the barn was being used for storage of hay.

FARMERS WARNED OF CORN CROP MENACE

Madison, June 23.—There is fear that in the purchase of seed corn from the eastern states last year the Washington state has been infected with a most destructive grub, may have been imported into Wisconsin. The state department of agriculture warns the farmers of the state to keep a sharp outlook for the grub and report at once if any worms are discovered mining in corn stalks.

The European corn borer is so destructive that it reduced the corn crop of Hungary 25 percent in one year, and in some portions of Russia destroyed 95 percent of the crop. It has been discovered in New York and Massachusetts, and the federal government has made a large appropriation to fight it.

Experts say that if the borer should ever reach the Mississippi, the corn loss for years would be enormous. Dr. E. B. Francker, acting state entomologist of the state department of agriculture, has instituted a survey in those counties in this state which purchased European corn borer the last year. All seed corn from the east last year. All seed corn from the east last year. All seed corn from the east last year.

Nearest of Kin to Be Given State Emblems

Louisville, Ky., June 23.—Engraved memorial emblems bearing signatures of Gov. James D. Black and Edward W. Hines, chairman of the Kentucky council of national defense, are to be presented by the council to nearest of kin of all Kentucky soldiers who lost their lives in the world war.

Religious articles for First Holy Communion for sale at St. Joseph's convent.

"DIRTY CITY LINEN" LINKED WITH SALOONS BY M. E. PASTOR

That the city officials admitted that the city linen needed washing but did not like to have it aired in public was stated in a sermon preached yesterday morning at the Cargill Methodist church on the topic, "The Modern Goliath, or the Saloon as an Outlaw."

Rev. Lewis handled the question of the liquor business without gloves, and gave a stern arraignment of its influence and attitude in the community. "There is a large army of men and women after it," he said, "the saloonists are after it, the physicians are after it, the legislators are after it, the high school teachers are after it, the preachers and educators are after it, and big business is after it."

He noted with approval the stand which the Methodist church has taken since the question of the liquor business was decided, repeatedly in supreme court decisions, that it was an outlaw in nature, and that it tended to make an outlaw of any one dealing in it.

He noted especially the large advance of public sentiment which had taken place during the past few years against the saloons.

"The saloon is a large army of men and women after it," he said, "the saloonists are after it, the physicians are after it, the legislators are after it, the high school teachers are after it, the preachers and educators are after it, and big business is after it."

Every Methodist minister is an enemy of the saloons," said Rev. Lewis, "unless he is a traitor to his church."

He especially recommended that the general public be warned to look out for the argument that "prohibition does not prohibit," which will be placarded broadcast, as soon as prohibition goes into effect.

The statement will be made by the liquor interests that blind pigs are much more numerous than they were before such laws took effect, he said, "but do not be deceived by this claim, as the little pigs do not flourish unless they are nourished by the old sow, which is the brewery."

He also took up the responsibility for crime induced by liquor, and said that the dealer who sold liquor to the man who, maddened by its effects, had thrown a bottle through the wind shield of a passing automobile, was an accessory to the crime.

"The whole idea of licensing the business was wrong," he thought, "the same as would be the question of regulating a crowd of men."

He closed his address with a benediction and a prayer for the success of the prohibition movement.

The chorists sang an anthem and Clara Shaw sang a solo.

LOOKING AROUND

MATHESON IN BELOIT. Alexander E. Matheson, who is in Beloit at the college commencement exercises.

MASONIC NOTICE. Janesville Lodge No. 55, F. and A. M., will meet in stated communication this evening at 7:30. Work in the F. C. degree. Visiting brothers welcome.

NEW "Y" SIGN. A sign the "Y" which originated in the somewhat fertile brain of Norman P. St. John, "Y" was the secretary of the local M. C. A. will go to Lake Geneva, tomorrow to attend the "Y" summer school there.

MARRIAGE LICENSE. Fred H. Bethke, and Violet Jane Clary, both of Beloit, have applied for a license to wed.

JANEVILLE HAS "REP." M. C. Watson, eastern representative for the Gazette, with offices at 235 Fifth avenue, New York, spent Sunday in the city. Mr. Watson is making a trip through the central west calling on the newspapers whose businesses he represents. He says that Janesville has a reputation as a coming city in the east.

PLAY GROUNDS OPEN. Play grounds and swimming beaches opened today. The play grounds on the Washington street front have been opened Tuesday because the supervisor was called to Madison.

1,247 Western Troops Arrive in Virginia

Newport News, Va., June 23.—The U. S. S. DeKalb, from St. Nazaire, arrived today with 1,247 returning troops, including the 1st division, (Minnesota, Nebraska, Iowa and North Dakota national guard.)

Shop in the Gazette before you shop in the stores.

Attention Housewives

ARE YOUR CHILDREN PUNY? If so, the probabilities are that they are not getting the proper food to make them strong.

IS YOUR HUSBAND FLABBY? Maybe he is not eating the vitamins that build brain and brawn.

IS YOUR OWN ENERGY AND STRENGTH BELOW NORMAL? Probably your nourishment satisfies your appetite and maintains your weight at normal but does not supply the elements that produce vigor.

When the architect starts in to build a house, or the engineer to span the river with a bridge, he studies the needs of the structure, the materials that should go into it to make it serve its purpose.

Every housewife every day is responsible for the reproduction of the world's greatest masterpiece, the human body. She chooses the materials which go into her own and that of her husband, those of her children. If she chooses wisely, understandingly, the buildings for which she is responsible will be sturdy and enduring. If not, they will be like houses of straw, built on sand.

The government has published a book which tells the housewife what foods the human body needs, how much, and how to get most tissue material for a dollar.

ROCKFORD NEGRO HELD FOR SLAYING GIRL COMPANION

Inez Taylor, colored, of Rockford, died in that city yesterday afternoon from the result of gun wounds inflicted by Buck Wilson, colored, also of Rockford. The tragedy occurred about a mile north of Rockford on the road between Rockford and Beloit.

Wilson was captured after firing two shots at the Winnebago county sheriff. He is being held at Rockford pending a special session of the grand jury.

According to the story told the police Miss Taylor in company with Wilson and another couple journeyed to Beloit yesterday afternoon to witness a ball game.

On the return trip the trouble was encountered and while the trouble was being repaired Wilson got in an argument with Miss Taylor. He then started across the field just as the sheriff arrived. Shots were exchanged and Wilson, running out of ammunition, surrendered.

He was given a preliminary hearing at Rockford this morning and held for the grand jury.

OUTDOOR CHURCH SERVICES HELD IN PARK

A large audience gathered in the park last evening for the outdoor church services planned by the Federated, Baptist, and Methodist church societies. Probably two or three hundred people were present. The services were held in the park, and the speakers were given by a men's chorus of a dozen voices directed by E. E. Van Pool.

He also held up the example of the great characters of the Bible, and showed how their deeds challenged the best efforts of those who came after them.

He held up the life of Jesus as being one which sent challenges down into the centuries. He thought that men of the present day were big enough to measure up with the heroic characters of the past, and that there were tasks which were large enough to challenge the best.

Rev. F. J. Lewis presided at the meeting. Rev. J. A. Melrose led in prayer. The weather was propitious, meetings would be held every Sunday evening at the same place, in the park.

WILL DISCUSS 1920 PROGRAM TONIGHT

Janesville's street program for 1920 will be discussed at a meeting of the highway committee to be held in the mayor's office at 8 o'clock tonight.

Mayor T. E. Welsh said today that he wished all the businessmen would be present if possible.

The street program for 1920 will be far greater than any other adopted in this city, and by adopting the program the preliminary work, including the underground work, can be finished this year, Mayor Welsh said.

Mayor Welsh said that every effort possible would be made to finish the work on the highway program. Owing to the pressure of business City Engineer Kerch was delayed for some time in preparing the details for the work.

Three Men Fined for Intoxication

For the first time in several months the array before Judge H. L. Maxwell in municipal court this morning consisted mostly of local men. There were three of them to face the judge and two claimed Janesville as their home.

Thomas Heffernon, well known in police circles was the first. He was given a fine of \$25 and costs or 30 days. Charles Blay, also a familiar character, was given a similar sentence.

L. Cudney, Beloit, insisted that he came to Janesville to catch a train, and before he could do so he had been charged with intoxication and was fined \$25 and costs or 30 days.

WILL PICK REFEREE BEFORE TONIGHT

Toledo, Ohio, June 23.—With the arrival today of Major A. J. Drexel Biddle, president of the Army, Navy and Civilian Board of Boxing Control, the question of selecting a referee, and possibly two judges for the heavy-weight championship between Jess Willard and Jack Dempsey here July 4 is expected to be settled before tonight.

Sam Empe, secretary of the board has been in Toledo since Saturday, discussing the subject with Tex Rickard, Willard, Jack Kearns, manager of Dempsey and members of the Toledo boxing commission. A campaign has been in progress among Toledo sports in the interest of Ollie Pecord, official referee of the Toledo boxing commission.

The consensus of opinion seems to be that in addition to a referee, two judges also will be named. The boxing board has expressed a preference to this plan. The referee would be called upon to render a decision only in case of a disagreement between the two judges.

GRAHAM FUNERAL HELD IN EVANSVILLE

Evansville, June 23.—The funeral services of the late Fred Graham were held from the Baptist church at 2 o'clock Saturday afternoon. The church was filled with a large assembly of friends. Rev. Ellen Copp, Madison, officiated. The body was accompanied to its resting place in Maple Hill cemetery by a military escort.

Personal.

Miss Bernice Letts, a nurse from Camp Grant, was a guest last week at the home of Mr. and Mrs. Davis and Miss Lucille Campbell.

John Porter has returned from a business trip to his farm near Chetek. Miss Lucille Miller is home from the school at Madison. She has taught the past year.

Mrs. A. C. Gray was expected to arrive home Saturday evening from California. Mrs. Gray has spent the winter in New Mexico and California.

Mr. and Mrs. George Shaw and Mr. and Mrs. Wayne Shaw were Oregon visitors Saturday.

Mrs. E. E. Allen and son, Malcolm, spent Sunday with relatives here. The Misses Lucille Miller, Dorothy Richmond, Ruth Haylett and Mrs. Ada Fellows motored to Janesville Saturday evening.

Miss Robert Halliwell and small daughter of Chicago, arrived in Evansville Saturday evening for a visit with relatives and friends.

Miss Kathleen Calkins is home from Ashland to spend some time with her mother, Mrs. Calkins.

Mr. and Mrs. Harvey Graves and son, Forest, and the Misses Gertrude and Nora Scott spent Sunday at Lake Kegonsa.

Mrs. George Porter and children, Mr. and Mrs. Burr Tolles spent Sunday at the Locke Pierce home.

FOUND.—Sum of money at Lake Kegonsa, Sunday. Owner may have same by identifying property and paying for this advertising. Apply Leonard Finn, Evansville, Wis.

Too Many Baths Cause Boy to Be Runaway

Wichita, Kan., June 23.—Too many baths drove Richard Davis, the four-year-old son of Mr. and Mrs. W. M. Davis from home. He went to the Union station here, and slipping past the gatekeeper, boarded a Santa Fe train for Oklahoma City. At Ponca City, Okla., the boy was found by the conductor to be alone. He could not tell who his parents were, or give their address. He was taken to Oklahoma City and later to his parents. "I don't know why I went away," he said, "I just didn't want no bath."

Uncle Tom Show Nearly "Busted" Up by Navy

Salina, Kan., June 23.—Uncle Sam's naval recruiting officer here almost disrupted an Uncle Tom's Cabin show when more than half of the male members of the crowd made a rush to get into the navy. Only two were able to make it—the cook and the clown. The others were unable to show their faces without the navy line.

Physical condition precluded their acceptance. Had the others made the "riffle" the show would have had to lay over here until new players could be secured.

CHICAGO MAN'S NAMED NEW HEAD OF LOCAL POLICE

(Continued from page one)

Mayor Welsh personally asked for the resignation of Chief Gower.

Every member of the fire and police commission was present at the mayor's meeting which was called to order. Mayor Welsh was in attendance at the request of the commissioners.

The resignation of Charles Shuler as assistant fire chief and Oscar Wick as assistant police chief were presented and accepted. The five resignations from the policemen who resigned two weeks ago were presented and on motion of John E. Kennedy, they were accepted.

An application from A. E. Matheson, of the Citizens Mutual Fire Insurance company, was read. Mr. Matheson informed the members of the commission that he had been named as a candidate for the position of fire chief. Mr. Kennedy, a fire inspector, Mr. Kennedy and Mr. Matheson were invited to attend the next meeting of the commission.

On motion of John E. Kennedy, Saturday, June 23, was set as examination day for applicants to both the police and fire departments. The examinations will be held in the city hall, starting at 10 o'clock Saturday night. A meeting of the commission will also be held at that time.

An application from W. P. Maspin for the position of fire and police was read and accepted on file.

Dr. Guy C. Wauke moved that Acting Chief Gower be asked to resign. Mr. Kelley opposed the motion and asked what charges had been made against Chief Gower. Mr. Kelley then moved that Mr. Gower be appointed permanent chief of police. The motion was overruled by President Harry Nowlan, who stated that the chief of police had already been asked to resign.

Chief Gower was sent for and Mayor Welsh told him of the proceedings and assured him that he would be re-elected if the force he so desired.

Mayor Welsh issued the following statement today in connection with the appointment of Mr. Mulachay:

Mayor Welsh then addressed the body and told in detail of the controversy in the police department. He recommended that the commission insist on the resignation of Mr. Gower. The motion was put to a vote and all voted yes.

"Many months ago, the fire and police commission under Mayor Valentine's administration decided that it was necessary to make a change in the police department. There was no one in the city that under present conditions, could bring order out of the chaos at the police department."

"That a man who was under no obligations to local influence, was the only alternative."

"After several big men in police affairs had been refused to consider a position here, a man from Chicago was invited to come before the commission and give the members a chance to talk over matters."

"The members of the commission were so favorably impressed with him that he was asked to make arrangements to come to Janesville. I met him for a short time in the lobby of the city hall, and have never seen him since. There are obstacles in the way of his coming here, both at Chicago and in this city. In fact we could not legally pay his salary out of public funds. The matter was finally dropped."

Forces Issue

"The action of the fire and police commission has forced the issue once more and satisfactory arrangements have been made for the resignation of Mr. Gower, by his getting a year's leave of absence, and big citizens and interests have decided to pay his salary out of their pockets and that he will resign and his attitude will be a trial."

"He will be in Janesville tonight and I will appoint him as my aid in reorganizing the police department. I shall convene the council at a meeting that they are asking for and are entering to finance a modern, up-to-date, police system in order that the citizens and manufacturing interests may have an efficient police patrol service."

"Under the present system the only patrol service we have is from the depot to the corner of South Main and Court streets. Nobody ever sees a policeman in the wards, and there is absolutely no protection except by telephone calls. There should be a patrol of the wards during the night, that would prevent the crime wave of boys that do damage to property out of pure mischief and other persons who make night hideous."

"The fire and police commission has accepted the resignation of the men who resigned and the incident is closed. They never were strikers in any sense of the word."

Spilled Record

"Timothy Mulachay, who has a splendid record on the police force in Chicago, has written that he will be in Janesville, Monday night. I will place him in charge of the force Tuesday morning. I will ask the men who have resigned to join the men who have remained loyal to the city and the citizens of Janesville as well, to give him their hearty cooperation in making the Janesville police force a force for other cities."

"I want to thank them for myself and the citizens at large as they surely merit our commendation."

"The fire and police commission will hold an examination of candidates for all positions vacant. I want to ask that young men that can make the physical test necessary, apply to them for positions before Saturday. In the meantime any special police are necessary I will appoint. Chief Gower was asked to resign as acting chief by the commission. It was made clear to him that it would in no way interfere with his rights. I simply left the decision to the men who are appointed to organize after he has looked the ground over in any way he sees fit."

No Charges Made

"The acting chief was asked to remain until this reorganization was made. No charges of any description were made by anybody. Now in conclusion I ask that for the cooperation of all the citizens and the council in helping to give the public what they want, and are demanding, an up-to-date and adequate police system. There has been plenty of notoriety and to spare for Janesville, at a time when Chicago is making a name for itself. The action that is being taken is no new thing being tried out. The city of Appleton had exactly the same conditions to contend with. I am sending you a letter received from Thomas Nolan, who made inquiries at my request. It fully explains the citizens of Appleton's experience."

The following letter was received by Mayor Welsh from Assemblyman T. S. Nolan:

June 21, 1919.

"Pursuant to your request, I talked today over the telephone with the Mayor of Appleton relative to the police situation in that city. He stated in response to my question, that over a year ago it was decided that a change was necessary in the police department. After considerable investigation it was concluded that a man from Chicago would be hired and appointed chief of police."

The fire and police commission appointed a man from Chicago, he being, of course, a non-resident of the state of Wisconsin. Objection was made to paying his salary out of the public funds by people who were disgruntled

MRS. O. P. ROBINSON PIONEER RESIDENT, DIES AT AGE OF 96

Mrs. O. P. Robinson, one of Janesville's oldest and most distinguished residents, passed away shortly after 8:30 last evening at the age of 96 years. The infirmities of old age being the cause of her death. She had been ill several weeks. The entire family was at her bedside as she breathed her last.

Clara Banks Reynolds was born in New York, September 13, 1822. She was married to Dr. O. P. Robinson, August 23, 1841.

Dr. and Mrs. Robinson came to this city in 1848. For many years and up until the time of his death in 1878, Dr. Robinson was one of the leading physicians of the city and was prominent in public life. Mrs. Robinson always took an active interest in local and national affairs and was one of the leading women here 40 years ago.

They made their home at the corner of Cherry and Center streets for 50 years. Since her husband's death, Mrs. Robinson had been living with her daughter, Mrs. Charles T. Peirce, 30 South Main street.

She leaves to mourn her demise, her daughter and three grandchildren, Griffith C. Kathryn E., and Harry O. Peirce, all of this city.

Funeral services will be held from Trinity Episcopal church, of which the deceased had always been a devout member, tomorrow afternoon at 4:30 o'clock. Rev. E. E. Peirce, officiating. Interment will be made in Oak Hill cemetery.

and who were opposed to the city administration. Thereupon the money necessary to pay the salary of the chief of police was raised by private subscriptions and his salary for the year was paid in this way.

"When the year elapsed the city began paying him his salary and there is no objection now from anyone. He has given good satisfaction, and every one, even those who opposed his appointment at the start, is friendly to him in other words, he has made good."

"Trusting that this will be sufficient information for your purpose, I remain, Respectfully,

T. S. NOLAN."

Canoe Capsizes

Menasha.—Emil Fenske, a returned soldier, narrowly escaped drowning in the Menasha harbor when the canoe in which he was riding capsized. He was wearing his uniform at the time and had considerable trouble in keeping afloat until help arrived.

Carnegie Said:

If you want to gain wealth you must make up your mind that you will earn more than you spend.

Many people could easily earn more than they do earn if they would only plan a little more carefully. Men who are compelled to meet high living expenses because of large families or sickness usually find a way to do it.

But a strong desire to get ahead is necessary if you are to enjoy real success.

The Rock County Savings & Trust Co

Australia Spent Nearly Billion and Half on War

[BY INTERNATIONAL NEWS.] London, June 23.—Of all the British dominions, Australia spent the most on the world war, the war debt of that country being \$1,455,000,000. Canada spent almost as much, \$1,250,000,000. The other self-governing dominions' war expense was as follows: New Zealand, \$375,750,000. South Africa, \$114,785,000. Newfoundland, \$9,940,000. This makes a total of \$3,233,025,000 or less than one-twelfth what the motherland spent.

Heart and Home Problems

LETTERS MAY BE ADDRESSED TO MRS. THOMPSON, IN CARE OF THE GAZETTE

Dear Mrs. Thompson: I have no question to ask, but I do want to say that to read of the many living troubles of the unhappy couples makes me feel so much easier to bear.

God in love has seen fit to take from me my dear young wife and separate me from my sweet little baby girl, too young for my care, and it makes my lonely heart bleed as nothing else could. But my wife's people are the greatest people in the world and I love my mother-in-law and her brother above all men. They care with pride for the dear little one.

I could write for hours of how sad I am, but what I most want to do is to tell you how the paper helps me to see that I have so much yet to be thankful for in your worthy work in giving good advice to those so unfortunate.

You do encourage me. Words of praise are so often left unsaid that I move than appreciate your effort in writing. You are bearing your own burden bravely and surely peace and consolation will come to you in time because of your right attitude.

Dear Mrs. Thompson: I would like to attend business college, but have to make my own way. Is there some place I could borrow the tuition fee? I am willing to work for my room and board, but I have to have the tuition fee.

Please advise me what to do. I am 19 years of age. BROWNIE.

Call at business college and talk to the principal. He will give you the best possible advice and direct you in your efforts to borrow money. You might get work in some private home for the present and earn enough

money to pay tuition at night school.

Dear Mrs. Thompson: I am going with a young man I simply can't stand. He brings me candy and takes me places, but he bores me terribly. I have introduced him to my girl friends and they like him but he will not go with them and no matter how I treat him he comes to see me.

Do you think I should go with any one I can't stand? I should spend your time with someone you dislike. When the young man understands that he cannot have your company he will content himself with another girl. She may like him and he will be happier in the end than if you tolerate him, but are not really his friend.

Dear Mrs. Thompson: I am a young man engaged to a girl whom I really love. We had a party at my home last week and I took this girl. During the evening I went with a bunch of boys and left her alone on the porch. While I was gone she talked to a young man and they went walking up the road.

My sister objected to my taking this girl home and she said to me since I still deeply love the girl and she says that she had a right to talk to the young man for I left her alone.

(1) Should I have left her? (2) Did she have a right to go with the other man? (3) Should I let my sister come between us? (4) You should not have left the girl, unless you found some one else to be company for her during your absence. Tell your sister that you were entirely the fault.

(5) Certainly. (3) No.

A CHANCE TO LIVE

BY ZOE BECKLEY

OUT OF THE DARK.

As Annie started out on Monday morning to her job in an office she felt reborn. She bought her pink ticket of the Third Avenue Y with a novel sense of optimism, singing a happy song at the top of her lungs.

On the way down to Fulton street, where the establishment of Simms & Orcutt was located, Annie glimpsed a factory room or two. Through open windows she saw the bent heads of girls at work. Already they seemed of another world. Already she pitied them. Before them lay nothing but toil, hardship and monotony.

Before them lay nothing but toil, hardship and monotony. Before them lay nothing but toil, hardship and monotony. Before them lay nothing but toil, hardship and monotony.

The offices of Simms & Orcutt were in a fairly modern building. The offices of Simms & Orcutt were in a fairly modern building. The offices of Simms & Orcutt were in a fairly modern building.

She found a door. "Simms & Orcutt Chemicals and Essential Oils." Annie liked "essential oils," whatever they were. They sounded so important and necessary. She opened the door and half timidly, half triumphantly, and half with a big dash where the bookkeeper worked, and several smaller ones for the women clerks.

With a little for the women clerks. With a little for the women clerks. With a little for the women clerks. With a little for the women clerks.

HEALTH TALKS

BY WILLIAM BRADY, M. D. LETTERS MAY BE ADDRESSED TO DR. BRADY, IN CARE OF THE GAZETTE

Forty is a very dangerous age for those who are ignorant from the neck down. It introduces the most eventful decade of life, in which Old General Cardio-Vascular Degeneration plays havoc with so many healthy-looking mortals. High blood pressure, a disease, but just a sign of some disease. The familiar expressions of cardio-vascular degeneration are heart hardening of the arteries, slow heart muscle failure, chronic Bright's disease, and apoplexy.

I've harped on this subject a great deal and several readers declare I have given no clue as to its causes. That goes to show how unappreciative readers are, for I have twanged the life out of one string of my harp—on overeating and insufficient exercise. That is the most common cause of premature physical breakdown, of cardio-vascular degeneration. You may watch the C. V. D. factor in full operation any day by visiting a popular hotel or restaurant or riding a few hundred miles on a Pullman train.

The use of alcohol as a beverage comes second to overeating as a cause of cardio-vascular degeneration. Uncle Sam is doing what he can to remove this factor.

The use of tobacco as a narcotic comes third in the list of causes. The younger the individual who uses tobacco the greater the damage done. A penalty of at least 10 years' imprisonment should be exacted from any person under the age of 21 years who is found in possession of, or who smokes such a law would not please the morticians the least bit, but health comes before business nowadays. Syphilis, disease and the poisons of other infectious diseases are frequent

contributing causes of cardio-vascular degeneration. It must be remembered that syphilis is innocently acquired in about one-third of all cases. Chronic lead poisoning, incident to various occupations and industries, and in some instances due to the use of cosmetics containing lead, is a cause of cardio-vascular degeneration in many cases.

To this list add dignity, the politest killer of all, and you have a fairly comprehensive understanding of the causes of C. V. D. and premature senility. The difference between youth and age is that youth is not dignified.

QUESTIONS AND ANSWERS.

Ever since having the flu last winter I have been troubled much with gas on the stomach and fullness after eating. I am also short of breath when I am bloated. Have been growing stouter all winter. I am 36 years old, about 160 pounds, three inches tall, and weigh 190 pounds. Mrs. C. J. G.

ANSWER—Your trouble may be due to organic disease from carrying around that fifty-pound pack. Reduce the weight of your pack and you will feel better. You should not weigh over 100 pounds. Karell's spell. Send S. A. E. for how. You eat a great deal too much. Back Line Fence Hygiene.

Overheard a mother telling her neighbor the other day that she never allowed her little girl to have a bit of candy because she'd heard it made children have worms. I feel kind of sorry for the kiddie. Is the mother right, or has Aunt Salrey been nosing 'round?

(M. J. V.)—Salrey has been there, all right. I feel sorry for the kiddie, too. Of course sweet and candy is nothing to do with worms; growing children, if live ones, need greater proportions of sweets and candy than their parents; and finally, even if a child does have worms, it is of little consequence.

this. If you are the sort who have no life outside of your children it is foolish to drag out the years away from them. If you are of the sort who have kept your friends and your interests and hobbies, with you not be happier to make your headquarters where these interests and friends and hobbies are, and to go and see your sons or daughters and have them come to see you now and then?

Also, if one possibly can try out these schemes before making them permanent that is always best. So many things look well and fair on the surface that do not work out quite the same when we try them.

Household Hints

Breakfast. Melons. Muffins. Cereal and Fruit Juice. Luncheon. Creamed Lima Beans (dried). Combination Salad. Beet Greens. Coconut Bread Pudding. Iced Tea. Dinner. Baked Fish. White Sauce. Rolled Rice. Asparagus. Rolls. Radishes. Butter. Strawberry Pie. Black Coffee.

RECIPES FOR A DAY. Steamed Coconut Bread Pudding—Two cups dried bread crumbs, one quart scalded milk, two-thirds cup sugar, two tablespoons melted butter or substitute, two eggs, one-half teaspoon vanilla. Soak bread crumbs in milk, let cool. Add sugar, butter, eggs slightly beaten, salt, coconut and flavoring. Turn into oiled dish and steam until firm. Test with a silver knife. If the knife comes out clean the pudding is done.

Iced Tea—Four teaspoons tea (proportioned for two persons), two cups boiling water, one dozen mint leaves, cracked ice. Put in tea and pour on boiling water. Strain into glasses over mint leaves. Allow to cool, then add cracked ice.

Baked Eggplant—Eggplant, salted water, egg, cracker crumbs, butter, Spanish onion. Peel and slice vegetable in half-inch slices. Place in agate pan in salted water, using plate and weight to keep slices submerged. Soak for one hour or longer. Drain, rinse and wipe dry. Dip in beaten egg, sprinkle with buttered cracker crumbs and place in a buttered baking dish. Place thin slice of onion on each slice of eggplant and bake until brown.

Pimento Butter—A delicious sandwich filling—Two canned pimentos, one-quarter cup butter, one-quarter teaspoon salt. Cream the butter and add the pimentos, which have been forced through a puree strainer. When thoroughly blended season with the salt.

DISCOVERIES. Teapot for Paraffin—Now that the canning season has arrived, purchase a small tin teapot, containing a pint or more. Into this put your paraffin for sealing your preserves and jelly and see how quickly and satisfactorily it does the work.

Save the coverings of wax which have been used, wash, wipe dry and put into the pot to be remelted next season. When not in use, keep the lid closed and insert a cork in the spout in this manner the contents will be kept in a clean and sanitary condition.

To Remove Fat—Take grease that has turned dark from frying. Put it in a large kettle with water. Fill the kettle with hot water and stir. The sediment will go to the bottom. Set away until hard, pour the water off and you grease will be clean.

The oiler if it is washed, the cleaner it will get.

Removing Spots on Woolen Cloth—Spots on woolen cloth may be removed by using sulphuric ether, which should always be applied with a piece of the same material as the goods being cleaned. If possible, this method is recommended as being harmless to the life of the cloth and effective.

Wart Cure—Break a stalk of milkweed; apply the milk to wart and it will disappear.

Saturate the wart frequently with cider vinegar and sprinkle with salt each time.

Farmer "Needed" Liquor, But Ran into Hold-up

(BY INTERNATIONAL NEWS.) Atlanta, Ga., June 23.—R. C. Morris, a farmer living near Macon, dropped off in Atlanta on his way home from Chattanooga with a real thirst for corn liquor.

Secretary Richardson has received a telegram from Oshkosh saying that the Oshkosh Guards will be here to take part in the fair on the Fourth of July, and that Gabe Bouch will be at their head.

The circuit court reopened today and the equity calendar was called, but little was done of public interest. The improvements being made in the Opera House are very marked and praiseworthy, and will make it a more popular resort than ever before.

In a recent issue of the Standard, of St. Louis, Mo., we noticed a lengthy account of the butter-packing business being done by Andrew Palmer, Jr., son of our esteemed citizen of like name.

Last evening at the Congregational church Rev. C. A. Huntington of Washington Territory, gave an address on "Indian Affairs." Mr. Huntington has spent several years in connection with the Indian agencies, has gathered many facts of interest, and he presented them in a very clear and practical manner.

The inaugural running meeting of the Milwaukee Driving Park will be held on the 4th and 5th of July. There will be four events each day, and there is reason to believe that the entries for each will be large, and that they will bring together many of the best horses now in the west.

The common council meet tonight. No one should miss hearing Philip Phillips tonight at Court Street church. Is only twenty-five cents to all parts of the house.

Flu Brought Back Hearing. La. Crosse.—Manley Bader, living near Mauston, deaf for 43 years, has recovered his sense of hearing. He began to hear things when he had influenza, and today the faintest sound is audible.

Strawberries Pay Him. Bangor.—E. A. Miller of this village reported that his strawberries are netting him \$500 an acre.

WISCONSIN'S HONOR ROLL. Nurse Elizabeth L. MacDonald, Lake Geneva. Priv. Leonard W. Wagner, Butternut. Priv. Wounded Slightly. Priv. Lester A. Andree, Waukesha. Priv. Leslie D. Gummie, Rib Lake. KILLED IN ACTION. (Previously Reported Dead.) Priv. George Leisegang, La Crosse.

Shurtleff's Pure Ice Cream! Feed It to Growing Youngsters!

Make 'Em ROSEY and HEALTHY Best Nutrient on Earth!

All GOOD places serve SHURTLEFF'S PURE ICE CREAM. It couldn't BE better! Teach the children to ASK for it!

THE SHURTLEFF CO. Both Phones

A letter friend of mine wishes me to answer a question which it seems to me is of general interest because it is typical of a problem many people have to face.

She is a woman of over 50. Her married daughter, who lives in town, has moved miles away, wishes her to give up her home and come to live near her. She loves the daughter deeply and wants to go and yet she hesitates.

Home 40 years. She has many dear old friends and several relatives nearby and she loves her church work. Do I think she will be happy to go?

If she had asked me that 10 years ago I think I should have said at once, "Don't your daughter and her children mean more to you than all your friends and relatives, and can't you work in some other church?"

Today I am not so sure. And one reason is that I happen to know of two somewhat similar cases.

She Fully Worshipped Her Daughter. In the first case the woman was a widow with one daughter whom she fairly worshipped. The mother lived in Virginia. The daughter after her

marriage went to New York to live and wished her mother to come and live near her, which the mother finally decided to do. She gave up her little home and took a small apartment in New York. When she got there she found that her daughter was wrapped up in her husband and had many social and other duties and could not be with her as much as she had pictured. And when she was alone she was lonely and so wild with homesickness that she simply couldn't stand it. Fortunately her daughter bought back her old home and sent her back there.

But they were not Budd People. The other case is of a man and wife whose daughter had married and gone to live in the country. They too, sold their home and followed her to a home nearby. After three or four years they found that bred as they were to town life, they were not happy and they too have gone back to their old home.

Of course there are also many cases where such changes have brought happiness.

It Boils Down to This. I suppose it really boils down to
